

ALL TERRA 1992

GT®

INNOVATION

Mountain bikes. You've seen one, you've seen them all. Right? Wrong.

Take a look at GT All-Terra for 1992. A complete line of Mountain and Cross/Fitness bikes that not only stand out in a world of lookalikes, but forge the future of cycling.

For over 15 years GT has been building bicycles with one thing in mind. Winning.

And with the help of Team GT, the winningest team in mountain bike racing, this goal has become reality. Concepts that from drawing board to finished product never once lost sight of their original vision. To create a line of bikes that not only respond to the rider's every demand, but cater to their emotions and intelligence as well. Built by people that measure the quality of their bicycles by a simple three word slogan.

Innovation That Works.

While other companies fantasize about such bicycles, GT builds them. Bicycles that not only improve upon what is, but prove what can be.

A new level of performance. A new benchmark.
GT All-Terra, Innovation That Works.

TECHNICAL

Reinforcing head tube collars prevent "wallowing out" of the headset.

GT's exclusive Groove Tube™ puts all cable routing up and out of the way for cleaner, safer top tube cable routing. Through the combined efforts of GT and True Temper®, the Groove Tube is a significant leap forward in bicycle and tube forming technology.

GT's precision alignment forged dropout incorporates vertical adjusting screws and a replaceable alloy derailleur hanger. The alloy hanger is the "weak link" in the system, designed to break before any permanent damage is caused to the dropout or the derailleur.

Triple Triangle

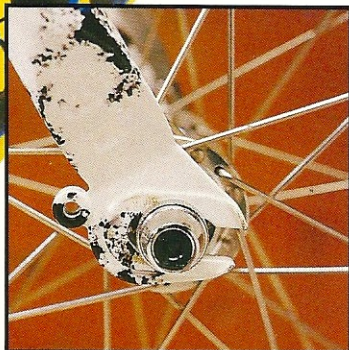

The heart and soul of high performance. GT's 1992 Triple Triangle Design Frame takes mountain bike frame performance to new heights.

GT's Triple Triangle Design frame realizes a structural strength far superior to that of a conventional diamond frame. Created to increase stiffness, and enhance climbing and acceleration, the Triple Triangle Design frame uses only the finest materials and the latest technology.

For over a decade GT has been handcrafting framesets in the USA. This hands-on philosophy to frame building ensures that every element incorporated into our Triple Triangle Design frame meet our exacting standards.

Created to let you customize the riding characteristics of your bicycle, the GT Triple Trak Plus Steering System is innovation at its best. The GT Flip Flop Stem, GT 3D Fork and GT Oversize

Triple Trak Plus

The flattened and tapered top tube, permitting the seat tube to pierce the top tube, adds strength to this critical high stress area.

Groove Tube

1-1/8" Thread & Set Alloy Headset Locknut, each a breakthrough in its own right, all work together to make up the Triple Trak Plus Steering System.

One allen wrench and five minutes are all you need to Flip or Flop this adjustable rise stem for a totally dialed riding position. Made from heat treated chromoly with an alloy shaft, the Flip Flop stem is designed to fit no matter what your style.

The three axle positions on GT's 3D fork allow you to fine tune the offset to best fit riding conditions or ability. The lightweight 3D fork is created using 27mm triple

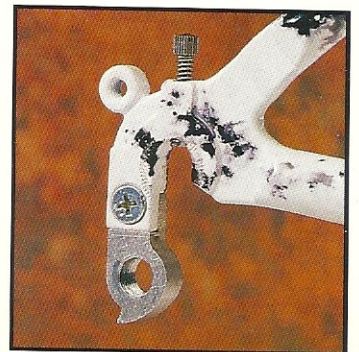

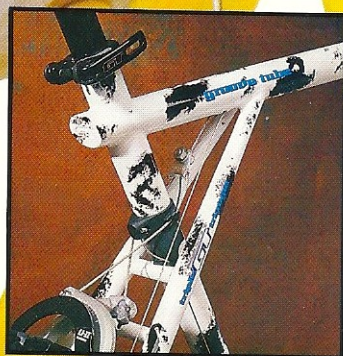

butted chromoly blades, investment cast dropouts and features an oversize 1-1/8" butted chromoly steer tube. Being fully aware of the bike's "feel" is easy with GT's 3-D fork.

The exclusive design of GT's Thread & Set Alloy Locknut includes a secondary upper locknut that threads into, and holds securely the primary headset locknut. Easy to use and adjust, this set up holds proper headset adjustment under the most extreme riding conditions.

The external butted seat tube reduces frame weight without sacrificing strength.

The flattened and tapered seat tube at the bottom bracket increases side-to-side strength and decreases bottom bracket flex.

Double tapered 19mm seatstays eliminate frame flex from the powerful U-brake.

Tech Shop

Made in the USA

PSYCLONE

GT's premier, fillet brazed chromoly frameset, the Psychclone is handcrafted of True Temper® GTX Ultra-III heat treated chromoly. Featuring new Groove Tube top tube cable routing, the Psychclone matches unrivaled workmanship with the tradition and comfort of steel.

Zaskar LE

Team tested, and the bike that many of our '92 Off-Road team rides, the Zaskar LE is constructed from aircraft strength 6061 T-6 heat treated aluminum. The Zaskar LE is the perfect combination of strength and beauty.

XIZANG LE

The Xizang LE's Triple Triangle Design frame is constructed entirely of 3/2.5 titanium. Super lightweight, responsive yet comfortable, GT's Xizang LE is the bike of choice for GT's Pro Off-Road team.

Zaskar LE

HANDMADE IN AMERICA, THE ZASKAR LE TRIPLE TRIANGLE DESIGN FRAME FEATURES THE STRENGTH AND BEAUTY OF HEAT TREATED, BALL BURNISHED ALUMINUM. THE BOLD WELDS, STRONG HEAD TUBE GUSSETS AND BRILLIANT FINISH ENHANCE THE ZASKAR LE'S AGGRESSIVE NATURE.

- GT Triple Triangle Design frame made with 6061 T-6 heat treated aluminum
- Reinforcing head tube gussets
- Triple Trak Plus steering system:
 - GT 3 D triple-butted fork or RockShox Mag 20
 - GT Flip Flop heat treated chromoly stem
 - Tiagra alloy headset with GT Thread and Set alloy locknut
- Shimano XTR 24-speed group with SPD pedals
- Shimano XTR Rapidfire Plus shifters with 2-finger brake levers and Servo-Wave braking
- XTR low profile front cantilevers, Deore XT rear U-Brake with flex-guard
- Araya RM400 Pro rims, Wheelsmith double-butted stainless steel spokes and Ritchey WCS series Z-Max Kevlar tires
- GT competition leather saddle
- GT heat treated alloy seat post
- GT USA made alloy QR hub skewers and seat post clamp
- Onza alloy bar ends

COMPETITION SERIES

Team Avalanche

RACE PROVEN. ENGINEERED TO WIN. THE GT TEAM AVALANCHE. THE MOST INNOVATIVE ATB ON THE CIRCUIT.

- GT Triple Triangle Design frame with Tange Prestige and Concept tubing
- Groove Tube top tube cable routing
- Triple Trak Plus steering system:
 - GT 3D triple butted fork or RockShox Mag 20
 - GT Flip Flop heat treated chromoly/alloy stem
- GT Superlite alloy handlebar
- Shimano XTR Rapidfire Plus shifters with 2-finger brake levers and Servo-wave braking
- XTR low profile front cantilevers, Deore XT rear U-Brake with flexguard and GT Cable Crosser
- Araya RM400 Pro rims, WheelSmith stainless steel double-buttet spokes and Ritchey WCS series Z-Max Kevlar tires
- GT Competition Leather saddle
- GT heat treated alloy seat post
- GT USA made alloy QR hub skewers and seat post clamp
- Onza alloy bar ends

Zaskar

EVERYTHING YOU'VE EVER WANTED IN AN ALUMINUM MOUNTAIN BIKE. THE ZASKAR'S RACE PROVEN AND COMPETITION READY HEAT TREATED ALUMINUM FRAME IS HANDCRAFTED AT GT HEADQUARTERS IN HUNTINGTON BEACH, CALIFORNIA.

- GT Triple Triangle Design frame made with 6061 T-6 heat treated aluminum
- Reinforcing head tube gussets
- Triple Trak Plus steering system:
 - GT 3D triple-butted fork or RockShox Mag 20
 - GT Flip Flop heat treated chromoly/alloy stem
- GT Superlight alloy handlebar
- Shimano Deore XT 21-speed groupo with Rapidfire Plus shifters
- Deore XT 2-finger brake levers with Servo-Wave braking
- Deore XT low profile front cantilevers, Deore XT rear U-Brake with flexguard
- Araya RM-400 Pro rims, DT double butted stainless steel spokes and Ritchey WCS Z-Max kevlar tires
- GT competition leather saddle
- GT heat treated alloy seat post
- GT toe clips and straps
- Onza alloy bar ends

Richter 8.0

GT'S RICHTER 8.0. WITH THE ROCKSHOX MAG30 AS STANDARD EQUIPMENT, THIS FULL RACE MACHINE WILL MAKE THE COMPETITION TREMBLE.

- GT Triple Triangle Design frame made with Tange MTB double-butted tubing
- Groove Tube top tube cable routing
- Precision alignment dropouts with replaceable alloy derailleur hanger
- RockShox Mag30 Suspension fork
- GT Superlight alloy handlebar
- GT Flip Flop heat treated chromoly/alloy stem
- Shimano Deore DX 21-speed derailleurs with Deore XT Rapidfire Plus shifters
- Deore DX low profile cantilevers with alloy rear U-Brake with flexguard and GT cable crosser
- Shimano Deore XT 2-finger brake levers with Servo Wave braking
- Ritchey Vantage alloy rims and Klingon tires
- GT lightweight competition saddle
- GT alloy heat treated seat post
- GT toe clips and straps

Bravado

THE BRAVADO CONQUERS ALL COMPETITION. BOLD, AGGRESSIVE DESIGN AND FULL RACE GEOMETRY GIVE THE BRAVADO THE EDGE YOU NEED.

- GT Triple Triangle Design frame with True Temper® GTX Ultra III heat treated double butted tubing
- Groove Tube top tube cable routing
- Precision alignment dropouts with replaceable alloy derailleur hanger
- Triple Trak Plus steering system
 - GT 3D fork or RockShox Mag20 suspension fork
 - GT Flip Flop heat treated chromoly/alloy stem
- Shimano Deore XT 21-speed derailleurs with Rapidfire Plus shifters
- Shimano Deore XT 2-finger brake levers with Servo-Wave braking
- Deore DX low profile front cantilevers, Deore DX rear U-Brake with flexguard
- Araya RM-400 Pro rims, DT double butted stainless steel spokes and Panaracer Smoke tires
- GT competition leather saddle
- GT heat treated alloy seat post
- GT toe clips and straps
- Onza alloy bar ends

Avalanche

THE TRADITION CONTINUES. FOR 1992, THE RENOWNED GT AVALANCHE RETURNS AHEAD OF ITS CLASS. WITH AN ENDLESS LIST OF GT INNOVATIONS, THE AVALANCHE LETS YOU CUSTOMIZE YOUR RIDE TO THE TERRAIN.

- GT Triple Triangle Design frame with True Temper® GTX double butted tubing
- Groove Tube top tube cable routing
- Precision alignment dropouts with replaceable alloy derailleur hanger
- Triple Trak Plus steering system:
 - GT 3 D triple-butted fork or RockShox Mag 20
 - GT Flip Flop heat treated chromoly/alloy stem
 - GT 1-1/8" oversize "Thread and Ser" locknut
- GT superlight alloy handlebar
- Shimano Deore DX 21-speed derailleurs with Deore XT Rapidfire Plus shifters
- Shimano Deore XT 2-finger brake levers with Servo-Wave braking
- Deore DX low profile front cantilevers, Deore DX rear U-Brake with flexguard and GT cable crosser
- Ritchey Vantage Expert 32H rims, DT double butted stainless steel spokes and Panaracer Smoke tires
- GT competition leather saddle
- GT heat treated alloy seat post
- GT alloy seat post clamp and QR lever
- GT toe clips and straps

alternate color

Pantera

**THE POWER AND STRENGTH OF ALUMINUM.
THE 1992 PANTERA TAKES ALL THE ADVANTAGES
OF ALUMINUM AND TURNS THEM INTO
PURE SPEED.**

- GT Triple Triangle Design frame made with 7005 heat treated aluminum
- Reinforcing head tube gussets and 1-1/8" Oversize headset
- GT-2 unicrown full chromoly fork with 1-1/8" blades
- GT full chromoly pierced stem with internal cable routing
- SunTour XC-LTD 21-speed derailleurs with XC-LTD thumb shifters
- DiaCompe low profile XCE front cantilever with XCE rear U-Brake, DiaCompe Advantage 5 2-finger levers and GT Cable Crossover
- Araya CV-7 rims and 26x2.1 Klington tires
- GT competition saddle
- Alloy micro-adjust seat post
- GT toe clips and straps
- GT alloy seat post clamp and QR lever

alternate color

Karakoram

1992 KARAKORAM. BOLD PAINT, WILD GRAPHICS AND KILLER COMPONENTS MAKE THE KARAKORAM A BREED ALL ITS OWN.

- GT Triple Triangle Design frame with Tange MTB double-butted tubing
- Groove Tube top tube cable routing
- GT-2 unicrown full chromoly fork with 1-1/8" butted blades
- GT Superlight alloy handlebar
- GT Flip-Flag heat treated chromoly/alloy stem
- Shimano Deore DX 21-speed derailleurs with Deore XT Rapidfire Plus shifters
- Shimano Deore DX low profile front cantilevers and rear U-Brake with flexguard
- Shimano Deore XT 2-finger brake levers with Servo-wave braking
- Araya CV-7 rims and 26x2.1 Klington tires
- GT lightweight competition saddle
- GT alloy heat treated seat post
- GT toe clips and straps

Tequesta

THE 1992 TEQUESTA IN WILD DAKTARI BLACK WILL RENDER THEM SPEECHLESS. STRONG AND DEPENDABLE, THE TEQUESTA IS BUILT TO LAST.

- GT Triple Triangle Design frame with Tange MTB double-butted chromoly tubing
- Internal top tube brake cable routing
- 1-1/8" Oversize head tube with reinforcement collars
- 19mm double tapered seatstays
- GT unicrown chromoly fork with butted steer tube and 1-1/8" blades with chisel cut
- GT full chromoly pierced stem with internal cable routing
- Anatomically sized flat tapered handlebar
- Shimano Deore LX 21-speed derailleurs and Rapidfire shifters
- Shimano alloy low profile front cantilevers with alloy rear U-Brake and GT Cable Crosser
- Ritchey Sport alloy rims and 26x2.1 Klington tires
- GT racing saddle
- Alloy micro-adjust seat post
- GT toe clips and straps
- GT anatomical grips

alternate color

Timberline

THE 1992 TIMBERLINE IS DESIGNED FOR THE ALL AROUND ENTHUSIAST LOOKING FOR YEARS OF ENDLESS EXPLORATION.

- GT Triple Triangle Design frame with True Temper chromoly main frame
- Internal top tube brake cable routing
- Reinforced Oversize 1-1/8" head tube
- GT unicrown chromoly fork with butted steer tube and 1-1/8" blades with chisel cut
- GT-II chromoly stem with internal cable routing
- Anatomically sized flat tapered handlebar
- Shimano 500LX 21-speed derailleurs with 500LX Rapidfire shifters
- Shimano alloy low profile cantilevers, alloy rear U-Brake and GT Cable Crossover
- Araya VP-20 alloy rims and 1.95 dual-purpose tires
- GT saddle and 300mm alloy seat post
- Comfortable foam grips

alternate color

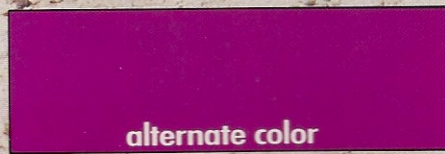

Talera Outpost

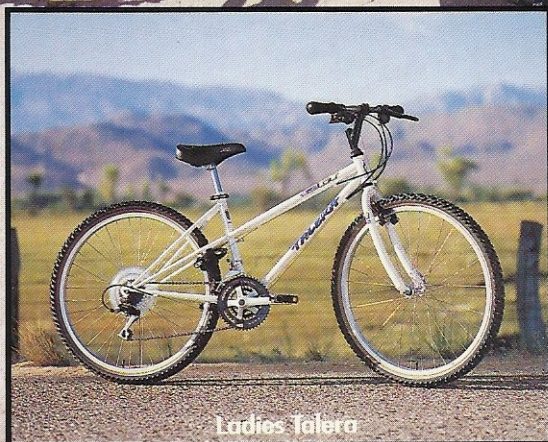

INTRODUCING THE TALERA FOR 1992. GUARANTEED TO TAKE YOU AWAY FROM THE WORRIES OF EVERYDAY LIFE.

- GT Triple Triangle Design frame with Tange chromoly main tubes
- Reinforced Oversize 1-1/8" head tube
- GT uncrown chromoly fork with butted steer tube and 1-1/8" blades with chisel cut
- GT-III hi-rise chromoly stem with internal cable routing
- Anatomically sized flat tapered handlebar
- Shimano 300LX 21-speed derailleurs
- Shimano 202GS crank with alloy arms
- 200GS Rapidfire shifters
- Shimano low profile front cantilevers
- Powerful rear U-Brake and GT Cable Crossover
- Araya VP-20 alloy rims, stainless steel spokes and 1.95 dual purpose tires
- GT Supersoft saddle
- Comfortable foam ATB grips

WHETHER GOING IT ALONE OR TAKING THE ENTIRE FAMILY, THE 1992 OUTPOST IS READY, WILLING AND VERY ABLE. AVAILABLE IN MEN'S, LADIES AND 24" WHEELED BOYS OR GIRLS MODELS, THERE'S AN OUTPOST FOR EVERYONE.

- GT Triple Triangle Design frame with Tange chromoly main tubes
- Reinforced head tube
- Tapered seatstays
- GT uncrown fork with butted steer tube and 1-1/8" blades with chisel cut
- GT-III Hi-Rise chromoly stem with internal cable routing
- SunTour XCT 21-speed derailleurs XCM Express Accushift shifters
- DiaCompe low profile XCU front cantilevers
- Powerful rear U-Brake and GT Cable Crossover
- DiaCompe XCU brake levers
- Araya MP-22 alloy rims, stainless steel spokes and 1.95 dual-purpose tires
- GT Supersoft saddle
- Comfortable foam ATB grips
- Brake levers, shifters, saddles, crank arm lengths, handlebar widths and stem lengths all anatomically sized

CROSS SERIES 700D

GT's Crossover bicycles are aimed at the enthusiast who is looking for one bike for all terrains. With their innovative frame designs and componentry selection, these bikes are equally at home on or off the road. The 700D wheels combine the advantages of road tire size with the strength of off-road rims to create true Crossover performance.

Tachyon

- GT Triple Triangle Crossover Design frame with Tange Infinity chromoly tubing
- Dual purpose geometry
- Triple water bottle bosses, double eyelets front and rear, and low-rider bosses
- GT unicrown full chromoly fork with 1" aero blades and adjustable offset dropouts
- GT Flip-Flag chromoly stem
- SunTour XC-LTD 21-speed derailleurs with SunTour Command shifters
- SR Cross Series Crankset with 52/42/32 round alloy chainrings and alloy arms
- DiaCompe 986 low profile cantilevers with 983 rear U-Brake and aero levers
- GT/Araya RM-20 700D rims and stainless steel spokes
- GT/IRC 700Dx1.4 slick and 2.0 Gila Monster knobby tires
- GT 350mm chromoly seat post
- GT GelCel saddle
- GT toe clips and straps

Continuum

- GT Triple Triangle Crossover Design frame with Tange Infinity chromoly tubing
- Dual purpose geometry
- Triple water bottle bosses, double eyelets front and rear, and low-rider bosses
- GT unicrown chromoly fork with 1" aero blades and adjustable offset dropouts
- GT chromoly Crossover stem
- SunTour XCE 21-speed derailleurs with SunTour Express shifters
- SR Cross Series crankset with 52/42/32 round chainrings and alloy arms
- DiaCompe XCE low profile cantilevers with XCE rear U-Brake
- GT/Araya RM-20 700D rims and stainless steel spokes
- GT/IRC 700Dx1.4 dual purpose and 2.0 Gila Monster knobby tires
- GT GelCel saddle
- GT toe clips and straps

Virage

ART IN MOTION. THE VIRAGE FOR 1992 COMBINES THE PERFORMANCE OF ALUMINUM WITH THE TECHNOLOGY OF TOMORROW TO CREATE THE ULTIMATE CROSS/FITNESS BICYCLE.

- GT Triple Triangle Cross Design frame made from 7005 heat treated aluminum
- Reinforcing head tube gussets
- Full eyelets
- GT unicrown Crossover full chromoly fork with 1" blades and adjustable offset dropouts
- GT Flip-Flop heat treated chromoly/alloy Cross stem
- GT Superlight alloy handlebar
- Shimano 500CX 21-speed Cross group with Rapidfire shifters and 50/40/30T crankset
- Shimano 500CX alloy low profile front cantilever with alloy rear U-Brake and GT Cable Crossover
- Shimano 500CX brake levers
- Araya VX-300 700C 32H rims and Ritchey 700x38C Cross tires
- GT competition leather saddle
- GT heat treated alloy seat post
- GT toe clips, straps and grips

Cirque

DESIGNED SPECIFICALLY FOR THE ENTHUSIAST WITH A THIRST FOR EXCITEMENT, THE CIRQUE IS THE PERFECT BLEND OF DEPENDABILITY AND PERFORMANCE.

- GT Triple Triangle Cross Design frame with Tange MTB double butted chromoly tubing
- Forged dropouts with double eyelets
- GT unicrown chromoly fork with adjustable offset dropouts and dual eyelets
- GT Flip-Flap heat treated chromoly/alloy Cross stem
- Shimano 500CX 21-speed derailleurs with 500CX Rapidfire shifters
- Shimano 400LX crankset with round 50/40/30T chainrings and alloy crank arms
- Shimano 500CX alloy low profile front cantilevers, alloy rear V-Brake with GT Cable Crosser
- Araya PX-45 700C 32H rims, stainless steel spokes and 700Cx38C dual purpose tires
- GT competition saddle
- Alloy Micro-Adjust seat post
- GT toe clips, straps and grips

alternate color

Vantara

WHETHER CRUISING MAIN STREET OR RIDING THROUGH THE COUNTRY, THE VANTARA FEELS RIGHT AT HOME.

- GT Triple Triangle Cross Design frame with Tange chromoly main frame
- Reinforced head tube collars
- Double eyelet dropouts
- Double set of water bottle bosses
- GT unicrown chromoly fork with dual eyelets
- GT Hi-Hi-Rise chromoly stem with internal brake cable routing
- Anatomically sized flat tapered handlebar
- Shimano 300LX 21-speed derailleurs
- American made GripShift shifters
- Shimano 50/40/30T Cross crankset
- Shimano alloy low profile front cantilever, alloy rear U-Brake and Cable Crosser
- Araya PX-45 700C alloy rims, stainless steel spokes and 700Cx35C Dual Purpose tires
- GT SuperSoft saddle
- Comfortable foam grips

Arette

THE 1992 ARETTE GOES ANYWHERE
IN COMFORT AND STYLE.

- GT Triple Triangle Cross Design frame with Tange chromoly main tubes
- Reinforced head tube collars
- Dual rack eyelets and double water bottle bosses
- GT unicrown chromoly fork with 1" round blades and dual rack eyelets
- GT-III Hi-Rise chromoly stem with internal brake cable routing
- Anatomically sized flat tapered handlebar
- SunTour XCM-Lite 21-speed derailleurs with XCM Express shifters
- SR Cross Series 50/40/28T crankset with alloy crank arms
- DiaCompe XCT low profile front cantilever
- Powerful rear U-Brake and GT Cable Crosser
- Araya PX-45 700C alloy rims, QR hubs, stainless steel spokes and 700Cx35C Dual Purpose tires
- GT SuperSoft saddle
- Comfortable foam grips

alternate color

Passage

ONE LOOK IS ALL IT TAKES. THE
1992 PASSAGE IS A BIKE FOR ANY-
ONE LOOKING FOR THE ULTIMATE
PLEASURE CRUISE.

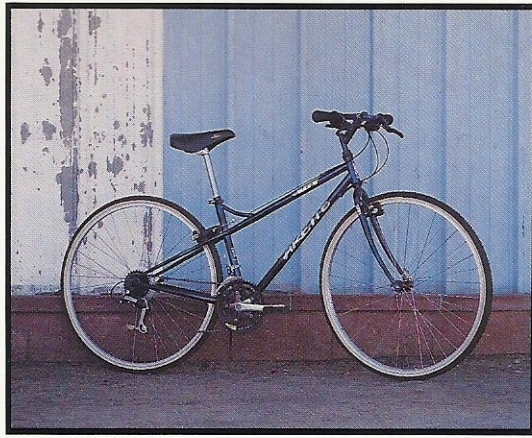

- GT Triple Triangle Cross Design frame with True Temper seat tube
- Forged dropouts with dual rack eyelets
- GT unicrown fork with 1" round blades
- GT-III Hi-Rise chromoly stem with internal brake cable routing
- Shimano 100GS 21-speed derailleurs and thumb shifters
- SR Cross Series crankset with alloy crank arms
- Shimano 100GS low profile front cantilever brakes
- Powerful rear U-Brake with GT Cable Crosser
- Araya PX-45 700C alloy rims, QR front hub and 700Cx35C Dual Purpose tires
- GT SuperSoft saddle, with satin finish seat post
- Comfortable foam grips

TANDEMS

Quatrefoil DX

DESIGNED TO GIVE THE ULTIMATE RIDE, THE QUATREFOIL DX IS TANDEM PERFORMANCE AT ITS BEST.

- GT Triple Triangle Tandem Design frame with Tange MTB double butted chromoly tubing
- 1-1/8" Oversize reinforced head tube
- Four sets of water bottle bosses and full rack braze-ons
- GT unicrown full chromoly fork with 1-1/8" Oversize butted steer tube and 1-1/8" blades with adjustable offset dropouts
- GT Superlight alloy handlebars
- Shimano Deore DX Tandem Component Group and Rapidfire Plus shifters with Servo-Wave braking
- Shimano Deore DX low profile alloy front cantilevers, with alloy rear U-Brake and GT Cable Crossover
- GT/Araya 700D RM-20 rims, stainless steel spokes with GT/IRC 700Dx1.4 Dual Purpose tires
- GT Competition leather saddles
- GT/True Temper chromoly seat posts
- GT alloy seat post clamps and QR levers
- GT toe clips and straps
- GT anatomical grips
- Onza alloy bar ends

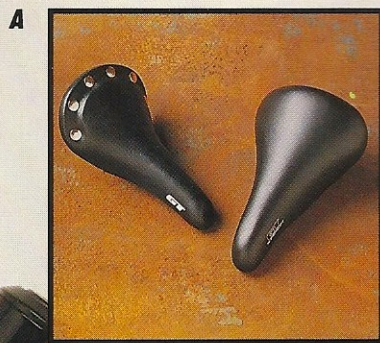

Quatrefoil

THE 1992 QUATREFOIL DESIGNED FOR YEARS OF FAST-MOVING TANDEM FUN.

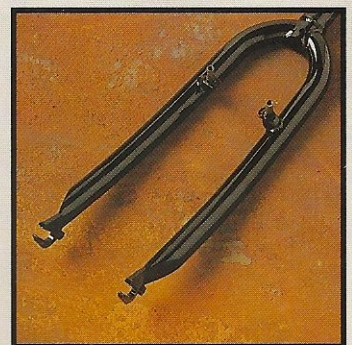

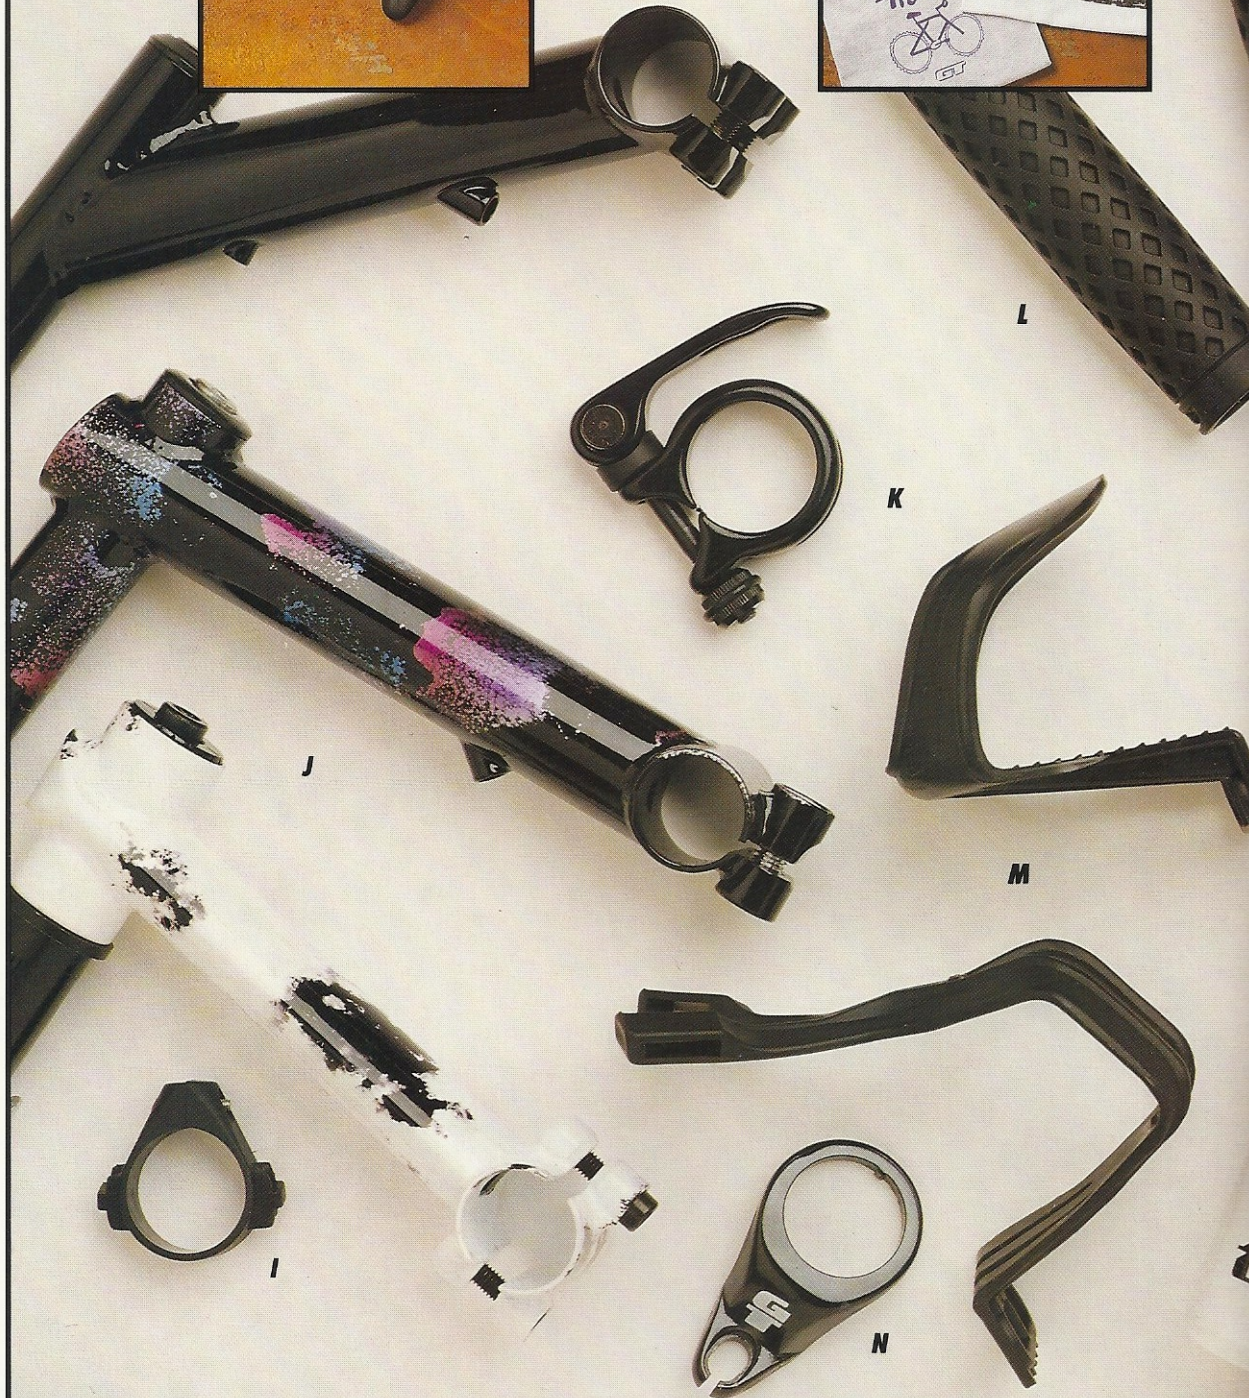

- GT Triple Triangle Tandem Design frame with Tange MTB double butted chromoly tubing
- 1-1/8" Oversize reinforced head tube
- Four sets of water bottle bosses and full rack braze-ons
- GT unicrown full chromoly fork with 1-1/8" Oversize butted steer tube and 1-1/8" blades
- Shimano 300LX derailleurs with 500LX Rapidfire shifters
- Sugino 50/40/30T chainrings
- Shimano alloy low profile front cantilevers, with alloy rear U-Brake and GT Cable Crossover
- GT/Araya 700D RM-20 rims, stainless steel spokes with GT/IRC 700Dx1.4 dual purpose tires
- GT alloy seat post clamps and QR levers
- GT saddles and grips
- GT toe clips and straps

GT Bicycles would like to remind you that before you go on your next ride, be sure that the area you're going riding has been designated "approved" for mountain bikes.

Stay on established trails, be kind to fellow outdoor enthusiasts, and treat the environment with care. There's only one earth. At GT, we're working hard to keep nature areas open for the use of everyone. Please do your part, and get involved. Without your help, the lands we now enjoy will be no more.

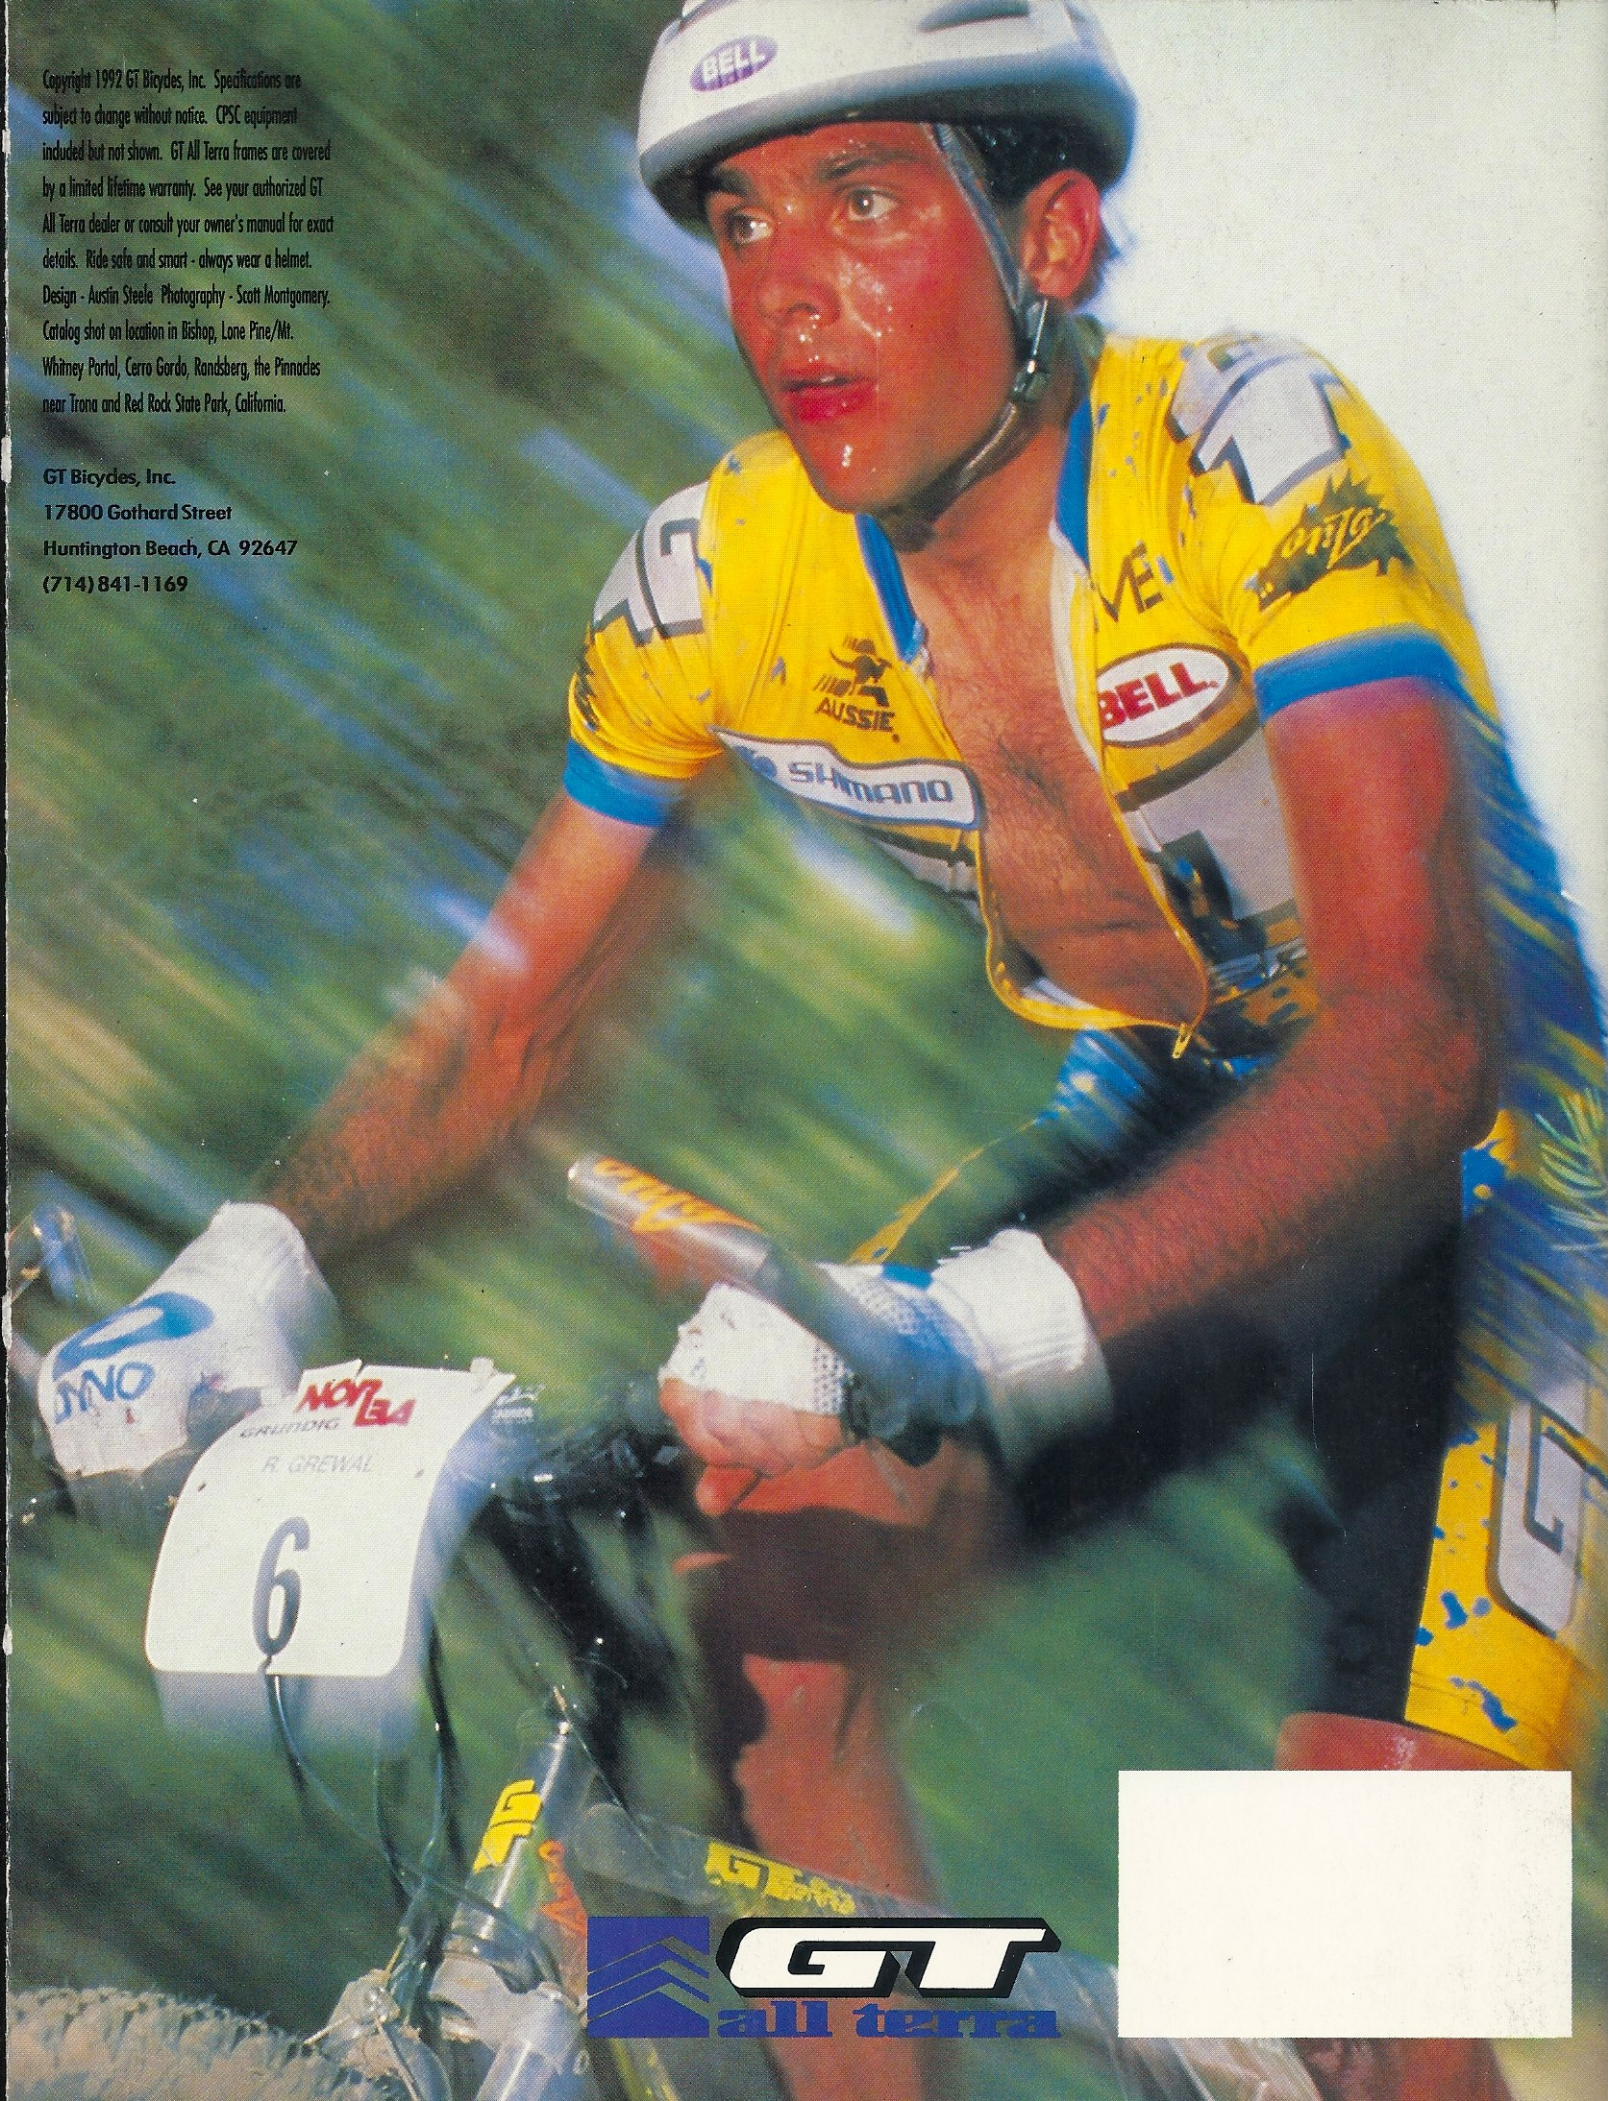

Copyright 1992 GT Bicycles, Inc. Specifications are subject to change without notice. CPSC equipment included but not shown. GT All Terra frames are covered by a limited lifetime warranty. See your authorized GT All Terra dealer or consult your owner's manual for exact details. Ride safe and smart - always wear a helmet. Design - Austin Steele Photography - Scott Montgomery. Catalog shot on location in Bishop, Lone Pine/Mt. Whitney Portal, Cerro Gordo, Randsberg, the Pinnacles near Trona and Red Rock State Park, California.
